

Jersey City Medical Center Breast Tumor Board

Jointly Provided by Jersey City Medical Center and Rutgers Health

Go To Meeting
Thursday, 12/05/2024 - 12:00 – 1:00 pm

Allan L. Cruz, MD and Arunabh Sekhri, MD

Learning Objectives

At the conclusion of this activity, participants should be better able to:

- Analyze oncological decision-making processes and judgement to identify approaches to patient management and care.
- Identify alternative courses of action and new knowledge presented to improve specific patient management care.
- Relate finding to other healthcare professionals to improve specialty oncological patient care
- Describe the treatment options for specific presented neoplasms in agreement with current guidelines and identify those that would best serve the individual patient being discussed.

Target Audience

This activity is designed for gastroenterology, medical oncology, OBGYN oncology, Otolaryngology/Head & Neck Surgery, pathology, pulmonary & critical care, radiation oncology, radiology, surgery, surgical oncology, thoracic and cardiac surgery, and urology to determine the right care for oncological patients.
