

RUTGERS HEALTH

Center for Continuing Education 2019 Professional Development Series

Opioids and Cannabis: The Crisis, the Controversy, and the Science

Come learn from **Dr. Erin Zerbo, MD**, NJMS Dept. of Psychiatry. The seminar will provide continuing education by meeting the following objectives:

1. Review the neurobiology of addiction.
2. Understand the evidence behind medication-assisted treatment for opioid use disorders.
3. Learn the scope and function of the endocannabinoid system.
4. Explain the risks and benefits of medical and adult use cannabis

Monday, February 25, 2019
