Presented by the Traumatic Loss Coalition

# ADOLESCENT BRAIN NEUROBIOLOGY AND INTRO TO TREATMENT TRACKS

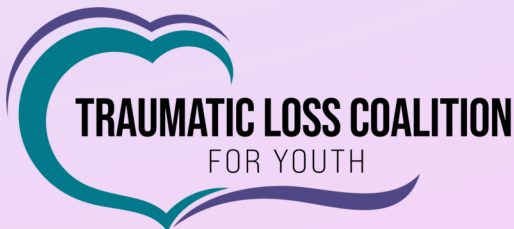

*Dr. Robert Macy*  
Trainer

**Date:**

Sep. 19, 2024

**Time:**

12:00 PM -  
04:00 PM

Since 2000, the TLC has been providing support to communities affected by traumatic events such as homicide and illness; the most difficult being suicide.

The dual mission of the TLC is excellence in suicide prevention and trauma response assistance to schools following unfortunate losses due to suicide, homicide, accident, and illness.
